Zheng He of Tewo

VIEW SOURCE

This fan-fiction article, **Zheng He of Tewo**, was written by [Witcher190](#), [Adalwulf of Aedirn](#) and [Passitivitea](#). Please do not edit this fiction without the writers' permission.

Zheng He of Tewo, also known as **Zen "The Nomad"** was a 11th century witcher noted for having been in and founded or helped found several different schools throughout his career. Many of these, however, fall into legend.

Zheng would technically be the first more direct contact between the [Far East](#) and the North, but being a myth with little veracity, it is still maintained that it was the expeditions of [Fabio Sachs](#) that began to shed more light on the other side of [The Continent](#).

Biography

What is known for certain is that **Zheng** came to the [Northern Kingdoms](#) through a

Biographical Information

diplomatic contact between [Haakland](#) and [Kaedwen](#), as one of the royal pages of the Great Khan at the time at about seven years of age, to eventually (probably because he was enslaved) escape and get lost in the forests of the region, where he would be found by [Castran](#), who would take him with him to the [School of the Wolf](#) (this last part is a legend, as no records have been found) where he would be trained to become a complete witcher.

At some point in his career, he would appear as a witcher from the [School of the Griffin](#),but as with the Wolves, no records have been found to prove it. And according to the legends, he would go to the [Far East](#), where he would help found the [School of the Singyuren](#), to leave shortly after, joining the School of the Slyzard, and help in the foundation of the [School of the Lungonite](#) where, in the end, he would stay.

Trivia

- His story is slightly inspired by that of Chinese explorer [Zheng He](#).
- The portrait of Zheng He of Tewo, belongs to one of the avatars of the mobile video game *The Witcher : Monster Slayer*. Edited to make it look better. The intention was to give to the avatars the game a bit of background in the world of The Witcher.
